

3 Domains:

<u>Bacteria:</u>	<u>Archaea:</u> "Ancient"	<u>Eukaryotes:</u>
Unicellular	Unicellular	Organisms with cells that have nuclei
Prokaryotes (cells lack a nucleus)	Prokaryotes (Found in extreme environments)	Eukaryotes (Each cell has a nucleus)

Domain Eukarya:

Kingdom	Protista	Fungi	Plants	Animals
Cells:	Mostly single celled	Mostly multi-celled	Multi-celled	Multi-celled
Nutrition:	Producers or consumers	Consumers (absorb)	Producers/ Autotrophs	Consumers (ingest)
Movement:	Some move some don't	Don't move	Don't move	Move
